Overview

Oxygen Digital is a highly specialised recruitment consultancy, focused on the global Artificial Intelligence & Data Science industry.

ODR is split into three key business areas, Sales, Customer Success, and Talent. We work on a 'quality over quantity' principle to ensure that our consultants have the most effective and efficient opportunities for financial success, and encourage innovation and career progression.

You will receive full internal and external training on both your recruitment skills and the AI & Data Science field, to ensure you are given the best tools to be at the top of your game.

What does Oxygen Digital offer?

- Full investment in you, with the chance to work in the biggest growing, most influential industry of our generation (AI & Data Science)
- A market leading commission structure
- Clearly defined career pathways, with targets and competencies personalised to you
- 20 days holiday with an extra day added with every year of service, the office is also closed between Christmas Eve and the New Year
- Opportunities for travel and flexibility to extend your stay with our ODR Travel Passes
- Annual company holiday for the top performers in the business
- Free gym membership and extended lunch breaks to use once a probationary period is passed
- Cycle to work scheme
- Private health insurance for Senior Consultants and above
- Paid for company social and team building events
- Modern office space a stone's throw from Chelmsford Station
